**TRANSMITTAL OF INFORMATION DISCLOSURE STATEMENT
BEFORE MAILING OF FIRST OFFICE ACTION**

(37 CFR §1.97(b))

Pursuant to 37 CFR §1.97 encouraging the filing of an Information Disclosure Statement, the Applicants submit this paper in compliance with their duty of disclosure as set forth in 37 CFR §1.56.

Applicants wish to introduce art having some relevance to the present application, which has been listed on the attached forms PTO/SB/08A and PTO/SB/08B. These forms list sixty three (63) U.S. patent documents, four (4) foreign patent documents, and one (1) literature item. No representation is made that a specific search has been made by Applicants, that the information is material to the claimed subject matter, or that the information represents the only or the best information.

Applicants do not admit that any of the information they have provided is necessarily prior to their invention but rather it is information of which they are aware and believe should be provided to the Office in fulfillment of the duty of disclosure. Any question that may arise regarding the priority of a specific document shall be resolved during prosecution.

The information provided herewith is in the English language. The referenced art is being cited for the express purpose of providing the Patent and Trademark Office with the opportunity to make an evaluation and to arrive at an independent assessment of materiality of each document, if any, to the examination of this application. The Examiner is requested to disregard any marking on the enclosed copies of the cited documents. Markings on the enclosed copies should not be regarded as necessarily pointing out the portions of the subject documents regarded by the Applicants as relevant to the subject application. Applicants respectfully request that the information cited be made of record in the subject case.

The USPTO has waived the requirement under 37 C.F.R. §1.98(a)(2)(i) for submitting a copy of each cited U.S. patent and each U.S. patent application publication for all U.S. patent applications filed after June 30, 2003, and for all international applications that have entered the national stage under 35 U.S.C. §371 after June 30, 2003. 1273 TMOG 55 (August 5, 2003). As this application was filed after June 30, 2003, Applicant has not submitted copies of the U.S. patents or patent application publications that are cited on form PTO/SB/08A enclosed herewith.

IDENTIFICATION OF TIME OF FILING THE INFORMATION DISCLOSURE STATEMENT

The Information Disclosure Statement submitted herewith is being filed before a first office action on the merits for the present application. No certification or fee is due with this filing of the Information Disclosure Statement. 37 CFR §1.97(b).

Respectfully submitted,
